

1/ Product and Company Identification:

Product name : Zeno Protect Super and Zeno Protect Solution
Manufacturer : Zeno Protect BV, PO Box 101, 1520 AC Wormerveer, The Netherlands
Represented by: KS Entrance Systems Ltd. PO Box 29, Knaresborough, HG5 9XJ
: tel 01423 865011 fax 01423 862679 info@zenoprotect.co.uk

2/ Composition / information on ingredients:

Pile material is a polyamide yarn, the primary backing is a non-woven polyester, the backing is a polyvinyl chloride compound with plasticizers, stabilizers and calcium carbonate (chalk).

3/ Hazards identification:

The materials are non-hazardous.

4/ First Aid measures:

Inhalation : n/a
Skin contact : n/a
Eye contact : n/a
Ingestion : n/a

5/ Fire Fighting measures:

Suitable extinguishing media: water spray jet, dry powder, foam, carbon dioxide.
Extinguishing media that must not be used: not applicable.
Special exposure hazard: the combustion process will emit noxious gases.
Respiratory equipment must be used in fully developed fire situation.

6/ Accidental release measures:

Personal precautions : n/a
Environmental precautions : n/a
Methods for cleaning up : n/a

7/ Handling & Storage:

Handling : normal safe handling practices, no specific requirements.
Storage : roll(s) must be stored in a horizontal position.
: stable in storage, not effected by adverse climatic conditions.

8/ Exposure controls / personal protection:

Personal protective equipment.

Respiratory protection : n/a
Hand protection : n/a
Eye protection : n/a
Skin protection : n/a

9/ Physical and Chemical properties:

General information.

Appearance : black vinyl backed tufted sheet, carpet appearance.
Colour : various.

Odour	: odourless.
Solubility	: not soluble in water.
Specific gravity	: not applicable.
Products weights	: 3.1 kg/m ²
Flammability	: BS4790 / 5287 – low radius
Melting Point	: nylon / polypropylene +/- 250 degrees C : vinyl backing softening point +/- 80 degrees C

10/ Stability and Reactivity:

Hazardous decomposition products	: thermal decomposition will release toxic vapours.
Materials to avoid	: no known materials
Conditions to avoid	: if stored and handled in accordance with standard : practises no hazardous reactions are known.

11/ Toxicological information:

General information	: no harmful effects have been reported to date.
Inhalation	: n/a
Ingestion	: n/a
Skin contact	: n/a
Eye contact	: n/a

12/ Ecological information:

No negative ecological effects are known.
Materials have no mobility in soil.
Materials are not soluble in water.

13/ Disposal considerations:

Materials	: dispose in accordance with local and national legislation.
Packaging	: recommended to be disposed of by recycling.

14/ Transport information:

The materials are not classified as dangerous in transport. Rolls must be transported horizontally.

15/ Regulatory information:

Materials are defined as 'not hazardous' according to EU directives 1999/45EEC and 67/648EEC

16/ Other information:

Material installations should follow recommended fitting / laying instructions.
Recommended flooring adhesives should be used in accordance with manufacturer's instructions.

17/ Zeno-Protect BV provides no guarantee and disclaims responsibility for items to be incomplete or incorrect. No guarantee is given that all possible measures have been included in this safety data sheet.
